WICKED AND MALICIOUS ASSAULT

By the Edwards Faction on Governor Willson

Leading Edwards Paper Rock Throwing

The Edwards press has let the wild cat out of the sack. Edwards men have been, ever since Mr. Powers announced himself as candidate for Congress, given out word that Governor Willson was opposed to Powers. They have professed remarkable solicitude for the Executive's honor. Their fears lest the Governor's official integrity and personal rectitude might be tarnished, by any association with Mr. Powers' candidacy, that they could not be satisfied till Mr. Willson openly pronounced for Edwards. Failing to get the Governor committed to any such ridiculously false position, they now virulently assail Mr. Willson. The Monticello Outlook, the most pronounced Edwards paper was a piece of the Eleventh District, assails Gov. Willson, as a "hypocrite," "narrow," "a grand stand player," "dishonest," "a failure."

In its issue of week before last the Outlook writes:
"It must be said to his credit that he is a brainy-man but at the same time he is full of prejudice, narrow and hypocritical. His grand stand play in the pardon of Caleb Powers was a piece of hypocrisy so thinly veiled that it was apparent to even a casual observer. His pretense of reading the evidence at home and abroad; his hearing of argument and his great effort to make the public believe he was trying to reach a righteous conclusion were truly laughable, because every one knew that he knew from the beginning that he would pardon Caleb Powers. He has been elected for that purpose. It was a part of his unwritten platform."

"It is also asserted by those who go before him to seek an appointment or ask any other favor, that he invariably makes every applicant believe he is the very one he is going to appoint, or that the favor will certainly be granted, when he knows at the time that the applicant has no chance for appointment, or that he will not grant the favor. This is a bad practice for a Governor or anybody else. It would be much better to be open, honest and frank about such matters."

"It is a matter of sincere regret that a man of Governor Willson's education and experience should make a failure just because he is too narrow and because he lets his prejudice run away with him."

If a Powers paper had so expressed itself as to Governor Willson, what songs of woe from the Edwards gang filled the air! But the friends of Mr. Powers have respect too profound both for Mr. Willson and his office, to say aught but things respectful, grateful and laudatory of the Governor.

To think of a paper like the Outlook, calling itself Republican! Any wonder that such a model Edwards organ should assail Mr. Powers, whom it vituperates Governor Augustus E. Willson, a Republican of Republicans, honored throughout the Nation?

George Edward Williams, of Pineville, came down to see home folks, Saturday.

PROF. BALDWIN

Writes Interesting Letter Concerning the Campaign.

Goins, Ky., April 18, 1910.
Editor Advocate:
Allow me a little space in your valuable paper to say a few words concerning the present race for Congress, and especially the activity of the pro-Edwards organs. I have been a constant reader of political organs of various kinds for the past fifteen years; but never have I seen anything in print that equals the audacity and total lack of self-respect and lack of respect for the truth and decent warfare, as is exhibited by a few of the pro Edwards organs, in this campaign.

I stake my reputation for truth and veracity, as well as my reputation for being a fair judge of a political situation upon the following assertions:

From the day that Caleb Powers was arrested, till after Augustus E. Willson was elected Governor of the State of Kentucky, these papers that are now denouncing Caleb Powers for being a weak public official and a poor party leader and sometimes by vile innuendoes, insinuate that he is to blame for the murder of Senator William Goebel and the unhappy political upheaval which followed his taking off, were then the loudest in the praise of Powers and his methods of political warfare. Did Powers make mistakes? They forgave them. Was Powers indiscreet? They said not. Did Powers take the mountain army to Frankfort? These papers have said, more than a hundred times each, that no offense of any kind grew out of that movement. Did Powers have anything to do with the murder of Goebel? Noaks, Culton, Anderson and others said "yes." The Williamsburg Times, the Mountain Echo and all other Republican papers in the State said "no." The unfair attempt of the prosecution to railroad Caleb Powers into a felon's cell or to the hangman's gallows, by packed juries and bought and perjured testimony, was denounced by these papers as unAmerican, unpatriotic, unjust and worse than murder.

What the people who read these papers would like to see just now, is a few of the editorials from the Mountain Echo, between February 1st, 1900 and November 1st, 1903, that contained one word derogatory to the good name of Caleb Powers. No such editorial can be found in any Republican paper that is now supporting Edwards, prior to the year 1908, when some little talk about Powers being a candidate against our Don, put a little vinegar into the editorial ink jugs.

Powers may be guilty of the murder, or rather complicity in the murder of Goebel, but if he is guilty, as described by the fiery denunciations of Tom Campbell, I would still prefer his lot to that of the Republican press, who either ignorantly or willfully made his cause their cause for eight long years. If over-scrupulous then it follows as a natural consequence that every Republican paper in the State is participes criminis or accessories after the fact. If they do not deserve the penitentiary or the home for the feeble-minded, then Powers is as innocent of any connection with the Goebel murder as Tom Campbell or Robert Franklin.

In either dilemma they may choose to take, it follows as a natural consequence, that the Edwards papers are now totally unworthy of belief as newspapers and wholly incompetent as leaders of political action. If they were right in declaring Powers innocent for eight long years, they are now the foulest slanderers

ANTI-TUBERCULOSIS PROGRAM OUTLINED

Directors Meet in Louisville and Sec. Kerner Tells of Plans

Will Go Through State With Camera Photographing Conditions.

A meeting of the Board of Directors of the Kentucky Association for the Study and Prevention of Tuberculosis was held in the Leather Room of the Seelbach Hotel, in Louisville, at which the newly appointed secretary, Mr. Eugene Kerner, presented an interesting program for arousing Kentucky to an active fight against tuberculosis.

Mr. Kerner told of the work being done by some of the states in the East, and stated that the Kentucky is the first in the South that has shown an active interest in stamping out this White Plague which claims over 6,500 lives annually in Kentucky.

Mr. Kerner will go through the state, armed with a camera taking pictures and collecting statistics of conditions as he finds them and will give lectures and exhibits to acquaint the people with what he finds, urging them to form Anti-Tuberculosis Societies and committees to take up the fight in their respective localities. His headquarters will be at 215 East Walnut Street, Louisville.

Dr. George P. Sprague, of Lexington, said that a special committee on tuberculosis had been appointed by the Kentucky State Medical Association, which will work in close co-operation with the association.

Dr. S. H. Keller, of Frankfort, said that the State Board of Health is ready to lend the association every aid possible in stamping out this great White Plague in Kentucky.

Mrs. Charles Dallam, of Henderson, gave an excellent report of the Henderson Anti-Tuberculosis Association, illustrating what can be done in a locality that has realized its needs.

A committee was appointed to enlist all fraternal societies in the state to help in this great fight.

Western Town Lots Sold.

Last Monday Messrs Hon. Young & Co., of Hondale, Ky. sold lots in this city in the interest of their new townsite, located in Southern New Mexico.

They exhibited a plat of the new town of Hondale and sold about 40 lots at auction, receiving about \$10 per lot.

Some of our citizens purchased as many as four lots.

that ever pushed a muck-rack pen. If they are right now in their insinuations of guilt, they at once brand the Republican party as an organized band of assassins and roll up their own guilty sleeves to show to the world their own individual tattooed guilt and sound their confession as accessories before the fact.

Which dilemma will they take? In either case, the people, in overwhelming majority, will vote Caleb Powers into the office of National Representative, and then using the words of the Williamsburg Times in an issue of Nov. 1, 1907: "When the platform shall have been broken by the impact of votes, great will be the vindication of Caleb Powers—when the Hamans shall be hanged upon their platform, behind the Georgetown jail."

Very truly,
R. N. Baldwin.

THE FIGHT

Between Powers and Edwards is Warming up and Powers Stands More Than an Even Chance.

(Lexington Herald.)

If Caleb Powers, of Knox county, Kentucky, is elected to the next Congress the national lawmaking body will have a bran new headliner.

Reports that come from the mountains, where Mr. Powers' political activities are now the subject of much comment, agree that he stands more than even show to do this thing.

Caleb Powers was the young Mountain lawyer who was elected Secretary of State on the ticket with W. S. Taylor.

Goebel, who was contesting Taylor's election, was wounded by a shot from Powers' office in the old Capitol at Frankfort, January 30, 1900. Two days later Goebel was declared Governor by the General Assembly, but died February 2, without being inaugurated.

Powers was charged with complicity in the assassination and has been tried four times in the courts. He was convicted three times, and the other trial resulted in a hung jury. He was once sentenced to be hanged and to life imprisonment twice. On June 14, 1908, he was pardoned by the present Republican Governor, A. E. Willson.

Powers is now making a contest for the seat held by Don C. Edwards as Representative of the Eleventh Congressional district. His platform is chiefly his martyrdom for his party in its efforts to hold Kentucky. His opponent, Mr. Edwards, would doubtless admit that in the counties composing the district this is a mighty talking platform. The normal Republican majority in this district is about twenty thousand.

The keynote to Powers campaign is sounded in a sentiment expressed in a letter addressed in his interest to Republicans of the district by former Governor Taylor, who left the State after the assassination of Goebel, and has since resided in Indianapolis. This reads:

"As long as civilization lasts those who make sacrifices for liberty will be gratefully remembered."

The only difficulty Mr. Powers is having in his race for Congress is that not all the Republicans of this district or of the State agree that he is entitled to "remembrance" under the proposition laid down by his former political association and defender.

The Louisville Evening Post denies vigorously that Mr. Powers or Governor Taylor has ever made sacrifices for their party in this State.

The Post asserts that Governor Taylor surrendered his right to "remembrance" when he left the State and his party at a critical time and refused to return and defend himself in the courts or his party on the platform, although he was offered a full pardon for any offense against him in connection with the Goebel murder, and immunity from arrest and prosecution.

It is urged against Powers that he also fled after the Goebel tragedy and was arrested at Lexington with a pardon signed by Governor Taylor in his pocket. It is further charged that in prison and out that he has con-

Oil In Oklahoma.

(From The Bartlesville Examiner.)

All the newspapers in the oil country are elated over the promising conditions evidenced by the increase in the price of oil. Among the many opinions on the subject the following paragraphs from the Muskogee Phoenix appear to tell the story best:

"This announcement means an additional revenue of from \$3,000 to \$4,000 per day to the oil producers of Oklahoma at the present rate of production. It also means much new development and a general better feeling for oil interests—drillers, supply houses, laborers, etc. It further means that the oil industry of Oklahoma will now settle down to a steady basis and be ranked as one of the solid and permanent industries of the State.

"As further proof of its permanency it is to be noted that the Prairie Oil and Gas Company is rapidly enlarging its facilities for handling oil throughout the State, and that its improvements are of a permanent character. It is laying numerous pipe lines in the Bartlesville, Glen Pool and Osage districts and in the Kansas fields. The Oklahoma Pipe Line Company is completing its great gulf line and to day commenced work on a six inch line from Muskogee to Council Hill to connect the Muskogee field with the main gulf line.

"The Pipe Line Company has been taking oil from the Morris field since March 1st, and to-day it commences to take from the Hamilton Switch Pool, through the new line. Heretofore this oil has been handled by tank storage and carried off in tank cars. The building of pipe lines, therefore, is the best indication of these companies' faith in the future of Oklahoma oil and the permanency of these fields.

"The result of these movements is a much better feeling among oil producers. Conditions the past three years have been rather gloomy for them, but a survey of the field must make all admit that the situation has been such that the purchasing companies could not have done much better. There has been a poor world market, the production has been largely in excess of the demand and the bad weather and high cost of transportation that has heretofore obtained in the Oklahoma fields have acted as a damper on the business. Happily these days are over and prospects in the Oklahoma oil fields were never so good.

"The outlook, therefore, is that all lines of business will feel the stimulus of the renewed activity and higher prices in oil, and there will be an incentive for investment wherever the influences oil industry are apparent, which means over all Eastern Oklahoma. The situation, in fact, is one that should make all Eastern Oklahoma feel very much cheered up."

sistently turned his talents into commercial channels, even going so far as to charge his party \$500 for campaign speeches since his pardon and release.

Republican leaders contend that Representative Edwards, whom he seeks to defeat, has made a good record and should be returned. Notwithstanding this, Powers is waging a campaign that is making his opponents exceedingly uncomfortable. He is from the mountains and of the mountains and no one knows better than he what will appeal to the mountain sympathies or win the votes of the mountain people. He is a man of intellectual ability and an effective stump speaker. Edwards has come home from Washington to fight for re-nomination, and it is safe to predict that from now Kentucky will witness one of the most picturesque political battles in its history.

BASE BALL

Union College Defeats K. S. D. and D. College in Two Games.

The Deaf and Dumb boys of Danville, arrived in our village last Friday morning for two games of ball with Union College.

The U. C. Boys did not get together in the first few innings and allowed K. S. D. to score two, but that was all allowed them. First baseman Golden got his finger broke early in Friday's game and Cole, who took his place, played good ball. The K. S. D. boys were clearly outclassed in all points, U. C. walking away with both games.

Jasper pitching, but was knocked all over the field. Menier took his place but he fared little better. Wadkins, for U. C., had them at his mercy at all stages of the game, allowing them 3 hits and striking out 12.

Saturday's game was a duplicate of Friday's game, so far as score getting was concerned, as the score stood, in each game, 11 to 2.

Napier started the game for K. S. D. but was soon driven to the tall timber, Jasper relieving him. They were very liberal, allowing U. C. about 15 hits. Wadkins again proved stingy allowing only 2 hits. Sawyers threw the ball away allowing them their two scores.

The games were very uninteresting for U. C., who did not try to play any inside base ball at all. This makes U. C. seventh victory, and so far, undefeated, and has not been scored on over twice in any game. U. C. would like to measure up with State, Center, Georgetown or some school that could put up an interesting. The second team near classes with the other mountain schools in this section. U. C. has three good catchers. Wadkins, McDonald, and Sawyers for pitchers; good out and infielders, and all are doing fine stick work, besides playing good inside base ball.

Friday and Saturday's line up follows—

U. C.	K. S. D. D.
Wesley	c Flemming
A. Wadkins	p Jasper, Menier, Napier
S. Golden, Cole	1st b Voglotti
Sawyers	2nd b Porter
Ragan	3rd b Napier
Faulkner	ss Menier
L. Golden	c f Carman
Decker	1 f Hereford
W. Wadkins	r f Elkins

Umpires, Portis and McCrasson. Attendance 250.

U. C. will go South about May 11, to cross boats with Carson, Newman, Milligan, Washington and other Tennessee Colleges.

S. B. M. S. of London will be here Monday, May 2. Come and see the game as it will probably be the last on home grounds.

SAD ACCIDENT

One Small Boy Shoots Another While Playing.

Mayking, Ky. Apr. 22. Special—On King's Creek, about 17 miles from this place, James Isom, age 11, son of ex-Jailer, Bona Isom, shot and killed Lytle Fields, last Friday morning.

The boys were playing on the porch when the eldest went into the house and was handling a loaded 12-gauge shot gun, when in some way he fired, the discharge striking the Fields boy in the face.

Harvey Harris is giving his business house on Public Square a fresh coat of paint, which adds to the looks of that section.

BARBOURVILLE A

BUSINESS CENTER.

Barbourville is the business center of the Mountains. The register of the Hotel Jones shows that, last week, its capacity was taxed to the limit, every room occupied, with several applicants denied, perforce of circumstances, beyond the control of its urbane and efficient proprietor, Mr. J. Smith Clarke, the accommodations desired.

Guests, at the Jones, have been, on several occasions, obliged to occupy seats in the office all night long. With this hotel completed, and in continued charge of so popular a hotel man, as Mr. Clarke, Barbourville would continue to draw traveling patronage, which means added business, increased prosperity, permanently enlarged real estate values.

The Hotel Jones is, under Mr. Smith Clarke, one of the very best drawing cards in the Mountains. It is Barbourville's beauty spot, her center of business and social activity. Give it full scope, give it its full complement of rooms, in one word finish the building in the interior, as at first designed, and Barbourville will be gainer, in degree now incalculable.

KENTUCKY'S VETERAN AND VICTORIOUS EDITOR.

With the snows of three score and ten years crowning noble brow, with the plaudits of a whole Nation gladdening sympathetic ear, Henry Watterson goes on from triumph to triumph, achieved by pen dipped in the crystal fluids of Elysium. A Democrat, he has never received from his party the recognition and reward merited by genius, called for by service. But where the narrowness or obliviousness of party has proved wanting, the people of America have supplied the lack, removed the blank, bedecked the vacant space with flower and garland, with blossom and bloom.

Mr. Watterson is Kentucky's pride. Go where you may, from Texas to Hudson's Bay, the first name that comes to lip of stranger after mention of your old Kentucky home, is that of Watterson. Mr. Watterson has honored our Commonwealth; illustrated her manhood, glorified her citizenship, perpetuated her achievements and eternalized her traditions.

Long may he abide with the people who cherish him, long wear the crown of journalistic Kingship. No Caesar, indeed, is he; but elective Monarch, whose diadem is voted him freely, unstinted, unanimously by admiring co-laborers in the noblest field of human endeavor and upliftment.

POWERS STRONGER EVERY DAY.

[TOMPKINSVILLE NEWS]

The Edwards organs in the District are trying to create the impression that Powers' friends are trying to get him to quit the race. This is all a fake, designed and published at the behest of those standing at Edwards' pie counter waiting for the purpose, if possible, of befogging the people. Mr. Powers will not quit the yesterday and there is not a dissenting voice among his friends from one end of the District to the other.

FOR TAFT, FIRST, LAST,

ALL THE TIME.

The Mountain people of Kentucky are for President Taft's re-nomination and reelection. The President is beloved and admired by this District, because of his ability, his courage, his fidelity, his devotion to the people's interests and welfare. Not since Lincoln has there been a President more devoted to duty, more determined to make the American home sacred against the rapacious inroads of corporate or individual greed.

Abraham Lincoln abolished the slavery that shackled the black man; William Howard Taft will detrone and eliminate the repression that denies the people food at an equitable price. There are two forms of white slavery, the one an offspring of Lust, the other, of Covetousness. Against both William Howard Taft will direct lethal blow.

Lincoln was the Emancipator; Grant, the Consolidator; Roosevelt, the Pacifier; Taft will live in history as the Uplifter of the Masses.

Two hot ones are handed out to Don C. Edwards by the Sentinel, the leading paper published at London, the Congressman's home city.

'Congressman Edwards would be taken out of the Eleventh District and transferred to the Eighth District.

'John W. Langley, Caleb Powers and John D. White would all be put in the Tenth District which would mean a Kilkeny fight. Charles Finley would be left in the Eleventh District. The case has been long pending in the Supreme Court.'

The Edwards papers take great pleasure in printing an article about a case before the Supreme Court that would result in changing the geographical appearance of several Congressional Districts in Kentucky. You see that a favorable decision would put Edwards and Powers in different Districts, the only way they can hope to have Edwards re-nominated.—London Sentinel.

The Sentinel rejoices when any old soldier of merit and need gets a pension at the hands of the country for which he fought. But we can not but regret that the pension system, though indeed a good institution, is often employed solely for political purpose.

The Somerset Herald, the Cooper-Edwards organ of Pulaski county, publishes what is purported to be a telegram from Washington, dated March 22, which says that Edwards had secured a pension of \$20 a month for John Jackson, of Pulaski county, solely because he rode a little mule in a political parade of 1896. If Edwards assists you in getting a just pension, then he has done his duty towards you as your representative. But when he lets you know that he got it as a reward for political favors, either past or prospective; then he is plainly trying to bribe you, and throws a dark shadow across your path of duty. The following article, published last week in the Burnside Item, contains food for thoughtful men:—

Edwards has secured special pension acts for more than fifty Pulaski soldiers.—Somerset Herald.

Dan Slusher, of Flat Lick, was in town for a short stay Wednesday.

Dr. Pennett made a business trip to Pineville between trains Wednesday.

Mr. K. P. Davis is occupying a position in the Daney Barber Shop, West side Public Square, where he is re-ly to wait on the trade in an artistic manner. Give him a trial.

Mrs. Mollie Sewel was called to Williamsburg last Sunday morning on a count of the death of her son-in-law, Mr. Wiley Jones, who died there last Saturday.

Mr. and Mrs. E. P. Clarke, of Millersburg, came down Tuesday afternoon to spend a few days as the guest of their son, J. Smith Clarke, and wife, at the Hotel Jones.

Dr. D. S. Alper, the Optician, who is visiting our town, is meeting with success. We advise the people of this community who are in need of glasses to take the advantage of the opportunity now before them, while he is here.

Mr. S. A. Lovelace, of London, Special agent of Census Bureau for manufacturers and miners, representing Laurel, Rockcastle, Knox, Bell and Whitley counties, was in this city last Tuesday and paid this office a very pleasant call.

A. W. Soward, who has for more than four years past, held the position as foreman in this office, resigned last Saturday, to accept a place on the Baptist paper that is being established in this city, and will make its first appearance the first week in May. Our best wishes go with him and trust that he may never find the burden more heavy than while with us.

LOCAL LOOM BREVITIES

There will be an illustrated lecture delivered at the First Methodist Church next Sunday evening, to which the public is most cordially invited.

Wanted--Timber.

A reliable party to furnish 500 or more cords of Lin, Poplar, Cottonwood and Buckeye bolts 4 inches and over in diameter, 54 inches long. Ticked at any shipping point. Johnson-Smith Excelsior Co. Indianapolis, Ind.

Mrs. Johnson Suddenly Ill.

Mrs. Fannie Johnson was taken very ill last Monday evening and for a while her life was almost despaired of.

Her children were all notified and most of them arrived by the next morning, but by that time she was very much improved.

The Physicians state that the attack was somewhat similar to paralysis, but they are hopeful of her speedy recovery.

New Book Machine.

W. H. McDonald, Circuit Court Clerk, has just installed a new book typewriter to make the records of his office.

This is a great improvement and makes a much neater record than the old fashioned way of writing with a pen.

While Mr. McDonald is a better penman than many clerks, he has added this improvement which will also prove a saving in book space, as the machine records will not occupy one-half as much space as the same amount of records written with pen.

This is an age of advancement, and our new Circuit Clerk will not be behind in that respect.

New Printing Plant

The Baptist of this community have established a printing plant in this city for the purpose of stimulating their church and school in this city and surrounding community.

It is understood that a paper will be published, to be called the Mountain Baptist, which will be devoted entirely to the interest of the church and school.

A stock company has been organized and incorporated and this company will have full control of the business.

A. S. Soward and J. M. Messer, both former printers in this office, will be in charge of the mechanical department, while Judge J. T. Stampert will assume the Editorship of the new paper.

Slight Wreck.

A slight wreck occurred at the Depot in this city at an early hour last Tuesday morning when No. 21, South bound passenger, collided with a North bound freight that was standing on the main line at the Depot.

The pilot on each engine was slightly disfigured and the front trucks of the passenger engine needed the assistance of the wrecker from Corbin to put them in position again. No one was injured.

Why does Great Britain buy its oatmeal of us?

Certainly it seems like carrying coals to Newcastle to speak of exporting oatmeal to Scotland and yet, every year the Quaker Oats Company sends hundreds of thousands of cases of Quaker Oats to Great Britain and Europe.

The reason is simple; while the English and Scotch have for centuries eaten oatmeal in quantities and with a regularity that has made them the most rugged physically, and active members of all people, the American has been eating oatmeal and trying all the time to improve the methods of manufacture so that he might get that desirable foreign trade.

How well he has succeeded would be seen at a glance at the export reports on Quaker Oats. This brand is without a rival; it is packed in regular 10c packages, and in hermetically sealed tin for hot climates.

WILL TAKE BRIDE TO

THE CANAL ZONE

Mr. M. H. Thatcher and Miss Anna Belle Chin, of Frankfort, to be Married Next Month.

Frankfort, Ky., April 22.--Announcement is made here of the coming marriage on May 4, of Miss Anna Belle Chin, daughter of Judge Frank Chin, of this city, and Mr. M. H. Thatcher, the new Governor of the Canal Zone.

The engagement of Mr. Thatcher and Miss Chin has been known among the intimate friends of the couple for some time. Mr. Thatcher has been State Inspector and Examiner under Governor Willson, and resigned to accept the position as Governor of the Canal Zone, to succeed ex-Senator Blackburn, having been sworn in as a member of the Canal Commission in Washington Thursday.

Within a few days after the marriage Mr. Thatcher with his bride will sail for Panama, where Mr. Thatcher will assume his new duties. The wedding will take place at the home of the bride's father, on Wapping street, at Frankfort.

Temperance Rally Day Last Sunday.

Last Sunday was a Temperance rally day in Barboursville and was fittingly observed.

In the morning Dr. J. O. Redd, of London, addressed a large audience at the First Methodist Church, while Prof. Louis L. Fuller at the same hour addressed a large audience at the Christian Church.

In the evening at 7:30 a union service was held at the Chapel of Union College at which time all the Churches of the city dismissed their congregations and attended in a body. Prof. Fuller addressed the audience at the evening service. All the services were interesting and instructive and the discourses tended to show that the cause of temperance was gaining ground every day.

LOOK! WHY NOT BUY A FARM NOW?

Only 17 Cents a day Buys a 10-Acre Farm

IN THE PRIZE WINNING FRUIT AND GARDEN DISTRICT OF

FLORIDA.

Land in Florida, that a few years ago could be bought for \$20. to \$25. per acre cannot now be purchased for less than \$250. to \$500. per acre.

Even though you can not now give up your present business, an investment in this land at the rate of 17 cents a day will bring you immense returns, simply because the thousands who are improving lands about you will advance the value of your tract. A few cents per day placed in a farm in this beautiful Southland will give you a profitable investment, and you will not realize that you are making an investment, so small are the payments under our plan.

The Home of Fine Out Door Sports. The Finest Hunting and Fishing. The Ideal Place for Sportsman and the Lover of the Great Out of Doors. The Greatest Country on the Globe for Gardening and Truck and Fruit Farming.

Orange Groves Yield as Much as \$500. per Acre---10 Acres have yielded \$5,000 in One Year.

We are selling these farms so rapidly that there will not be an acre left on the market within a few weeks, so if you want to buy, do not delay if you wish to get the best and Cheapest Land in Florida, for only \$20. per acre, upon the basis of 50 cents per acre per month until paid for. This is all that has

\$1,000 Per Acre Made in Truck Farming in One Year.

Here is a Sample of what One Acre has Actually Produced in One Year in this Great South Land.

Eggplant, 403 crates, sold at \$1.25 per crate, netted \$503 75
Cauliflower, 300 crates, sold at \$1.75 per crate, netted \$525 00
Cucumbers, 500 crates, sold at \$1.00 per crate, netted \$500 00
Corn, Yield not reported.
Total yield excepting the crop of corn, amounts to \$1,528 75

to be paid. There are no Taxes until after delivery of Deed; no interest; no commission; nothing but the \$20. an acre, and 39 months in which to complete your payments. All about our lands to-day are located enormously profitable Vegetable Gardens and Orange Groves.

Two Great Trunk Line Railroads Pass Directly Through These Lands.

Price. The price of this land is \$20. per acre, and in one year you can pay for the land on a single crop. We want colonists quick, and have made a price that will get them.

Terms. You can buy for cash, or upon the easy payment plan of 50 cents per acre down and 50 cents per acre each month until the land is paid for.

Titles. Our Titles are guaranteed to give you the most complete satisfaction, reaching all the way back to the National grant.

Climate. The Climate is ideal, the average temperature for the entire year being about 73 degrees. The air is tempered by the breezes from the Atlantic Ocean and Gulf of Mexico.

Crops. Crops never fail here, and you can raise as many as four crops in a single year. The yield when the market is highest, and you have the first source of supply.

Soil. The land we will allot to you is rich and fertile. You do not have to spend large sums of money clearing or getting ready for the plow, while all of this land needs but little work to make it free from shrubbery and stumps. The character of soil is ideal for Orange land and Fruit Groves. It readily produces because of its fertility with which nature has endowed it. The soil has not been washed into the rivers and lakes by great floods. It is exactly what we claim it to be, and will raise the same manner of crops as the fields now in cultivation alongside of our lands.

Transportation. The main lines of Florida's two great Trunk Line Railroads, the Seaboard Air Line and the Atlantic Coast Line, pass entirely through our land, with frequent stations along their lines.

Markets. The Northern markets eagerly seek our products, for this region is famous wherever fruits and vegetables are sold. Cash buyers are located with their packing and storage houses along side this land, ready to receive your crops without worry or trouble to you, and pay you cash for your produce as soon as it is ready for market.

Our Guarantee. To any purchaser of a 10, 20, or 40-acre tract of our lands, lying near Ocala, Florida, either in Marion, Sumpter or Lake counties, (all of which adjoin,) we guarantee to refund all moneys, whether paid upon the cash or easy terms payment plan to such purchaser, if after a personal examination of our land allotted him, within 90 days, if he finds such land to be other than we have represented it to be, as fully set forth in our bond and contract. This fully and unequivocally means that we will refund every dollar that he has paid to us.

Location of Our Colony Lands. Our land is located South of Ocala, Florida, mostly in Marion but extending over into Sumpter and Lake Counties. It lies directly upon the Atlantic Coast Line and the Seaboard Air Line Railroads. All about this tract of land are located the Fruit packing and Storage Warehouses where the fruit buyers of the North, East and West come and purchase the Fruit and Vegetables right on the ground. This land is only 30 hours run from New York, an 40 hours from Chicago. It is located upon the highest and healthiest land in the State, and is in the heart of the famous fruit and garden truck district of Florida. There are beautiful lakes through this section and yet not an acre of swamp or waste land in our entire tract.

Here come every year, Hundreds of Pleasure-seekers, for the fine hunting, fishing and boating.

This land is simply indescribable in so small a space, but is more fully and completely set forth in detail, in our great Book, which we will send FREE to any one for the asking. Write to-day, mentioning that you read this offer in the Mountain Advocate, and address,

The Florida National Land Company,

OAKLAND PIANOS

Our aim is the production of a popular, up-to-date, moderate price piano, possessing that quality of tone, worth, value and durability heretofore not found in piano selling at comparable prices.
The officers of the Oakland Piano Co. are practical piano men whose lifelong experience in the building and marketing of pianos is concentrated in the development of these essential quality features that attract the careful buyer.
Our series of 100 styles of cases and one grade of piano, thoroughly remodeling our output, reducing the cost of production to the minimum, and permitting us to offer quality and individuality to the purchaser, has been the result of our policy of staying in the world, having no outlet of any piano activity.
In your dealer in the world, in the general reputation through-out the United States, we have been successful in this, we claim. If you really don't handle the "Oakland" piano, write direct to us for a list of dealers in your territory.
